

Year 5 Art & Design: Architecture: Dream Big or Small?

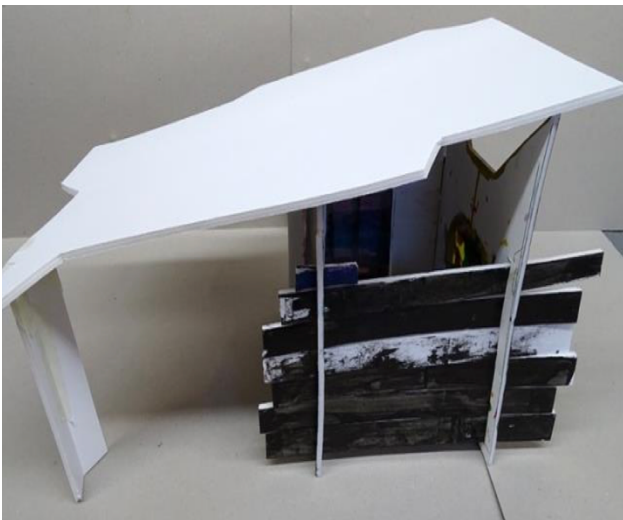

Art & Design Concepts

Drawing	A picture created using mediums other than paint, such as pencils, pen, charcoal, crayon.
Sketchbooks	A space to practice and record art ideas and techniques.

Core Vocabulary

Architecture	The process of designing a building.
Model	The building up and shaping of a soft material such as clay.
Structure	
Environment	

Technical Knowledge

Helpful Knowledge

1	That architects have a responsibility to design buildings which help make our world a better place, including thinking about the environmental impact of the buildings they design.
2	That we can make creative choices which both serves ourselves as individuals and the communities we belong to.
3	That we can use form, structure, materials, and scale to design innovative buildings.
4	That we can build architectural models to test out our ideas and share our vision.
