

Welcome to Bishop Bridgeman  
Primary School

Nursery Class

Here are the lovely grown ups in Nursery.

Mrs  
Munshi

Mrs  
Little

Mrs  
Khan

## Writing Area

You can choose pens, pencils, rulers, felt tips to make marks. You can write stories, invitations or draw pictures.

## Role Play Area

Role play is an exciting and fun activity, which stretches children's imagination and enriches their creativity. It gives children the chance to concoct their own imaginative recipes and explore different pretend ingredients. They enjoy experimenting with the various pretend utensils and appliances to create imaginative scenarios, either mimicking actions of adults they have seen or formulating their own uses for the objects they use.

## Small World Area

Small world play refers to imaginative play with 'small' toys, encouraging children to use their imaginations and create both everyday and fantasy worlds in familiar surroundings. It involves processes including active learning and imitation, and allows children to communicate knowledge about life and the world around them in a safe, contained environment.

## Reading Area

The more children experience books the more they will gain the interest and passion for them. Reading offers so much more than just quiet time in a cosy corner. It helps to develop spelling, listening, writing, literacy and social skills.

# Investigation Area

Enjoy weighing, measuring, sorting, ordering, exploring shapes, classifying, counting and recognising numerals in our mathematics investigation area.

## Paint Area

Get messy in our painting area creating your own masterpieces for our 'Art Gallery'

# Music Zone

Explore a range of musical instruments and create and experiment making your own instrument.

Challenge Areas

# Mud Kitchen

Splosh about with water, build with wet sand, dig in the dirt, plant flowers, hunt for minibeasts and get creative with natural materials. It's the best place for messy and sensory play.

*Snack area/ Breakfast*  
*available from 8.30-8.55 everyday*

# Water Zone

Our Water zone provides rich and valuable early childhood experiences to develop children's creativity and imagination. It helps children develop eye-hand coordination and math and science concepts. It also enhances social skills and encourages cooperation.
