# Online Safety Half Termly Newsletter
# Autumn 2 2023

## Welcome!
In this edition of our online safety newsletter, we will mainly be sending out updates and new resources that we think you might find useful when helping your child to navigate their online life safely.
Take a look at the items below and don't forget to keep your eyes on Seesaw and our social media platforms for weekly updates and handy tips.

## LEGO Build and Talk
LEGO® have created Build and Talk to help you chat to your child about digital safety and wellbeing. First, you pick an activity to do and then you read a story, which includes questions and conversation prompts, whilst they build with their LEGO®. This is a great way to start talking about online safety with your child!

Whilst you're there, view their guides on key topics related to online safety https://www.lego.com/en-gb/sustainability/children/digital-child-safety/ or play Doom the Gloom with your child, which will support them in using the internet safely: https://www.lego.com/en-gb/campaigns/kids/doom-the-gloom

## Changes to Seesaw
Noticed an unfamiliar app logo on your device?
If it looks like the icon below, you can rest well assured that it's just Seesaw's brand-new logo and there's nothing to worry about.

OLD ICON → NEW ICON

That said, if the app starts to behave differently at any point, please remember the information shared in the NOS guide to cyber security and take the following actions:
1. Uninstall the app
2. Inform school
3. Reinstall via a certified app store such as Google Play Store or Apple App Store
4. Change your password
